GRIEVANCE PROCEDURE

It is the policy of the North CedarCommunity School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Jennifer Horman, 703 Park Avenue, Lowden, Iowa, (563) 941-5383, jhorman@north-cedarstu.org.

Students, parents of students, employees, and applicants for employment in the school district ~~will~~ have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the equity coordinator. An alternate will be designated in the event it is claimed that the equity coordinator or superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 15 working days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator shall assist the Complainant as needed.

Investigation

Within 5 working days, the equity coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "equity coordinator"). If the Complainant is under 18 years of age, the equity coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the Complainant to provide a written statement regarding the nature of the complaint;
- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within 5 working days, the equity coordinator shall complete the investigation and issue a report with respect to the findings.

The equity coordinator shall notify the Complainant and Respondent of the decision within 5 working days of completing the written report. Notification shall be by U.S. mail, first class.

Decision and Appeal

The complaint is closed after the equity coordinator has issued the report, unless within 5 working days after receiving the decision, either party appeals the decision to the superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The equity coordinator shall promptly forward all materials relative to the complaint and appeal to the superintendent. Within 5 working days, the superintendent shall affirm, reverse, amend the decision, or direct the equity coordinator to gather additional information. The superintendent shall notify the Complainant, Respondent, and the equity coordinator of the decision within 5 working days of the decision. Notification shall be by U.S. mail, first class.

If the Complainant is not satisfied with the superintendent's decision, the Complainant can file an appeal with the board within 5 working days of the decision. It is within the discretion of the board to determine whether it will hear the appeal.

The decision of the superintendent in no way prejudices a party from seeking redress through state or federal agencies as provided by in law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

If any of the stated timeframes cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

Retaliation against any person, because the person has filed a complaint or assisted or participated in an investigation, is prohibited. Persons found to have engaged in retaliation shall be subject to discipline by appropriate measures.

LONG-RANGE NEEDS ASSESSMENT

Long-range needs assessment enables the school district to analyze assessment data, get feedback from the community about its expectation of students and determine how well students are meeting student learning goals. The board will conduct ongoing and in-depth needs assessment, soliciting information from business, labor, industry, higher education and community members, regarding their expectations for adequate student preparation.

In conjunction with the in-depth needs assessment of the school district, the board will authorize the appointment of a committee, representing administrators, employees, parents, students and community members, to make recommendations and assist the board in determining the priorities of the school district in addition to the basic skills areas of the education program.

At least every 5 years the board shall conduct an in-depth needs assessment, soliciting information from business, labor, industry, higher education and community members regarding their expectations for adequate student preparation. One purpose of this assessment is to assist the board in developing and evaluating a statement of philosophy for the school district. The second purpose of this assessment is to determine the areas of student performance, knowledge, and attitudes and the areas of school district operations which are judged to be most crucial in meeting school or school district goals. As part of its assessment, the board shall develop a process for communicating with business, industry, labor and higher education regarding their expectations for adequate student preparation. The statement of philosophy shall describe the board's beliefs about topics which shall include the nature of learning, the purpose of the school district, the scope of educational experiences that the school district should provide the nature of its learners and a description of a desirable learning atmosphere.

It is the responsibility of the superintendent to ensure the school district community is informed of students' progress on state and locally determined indicators. The superintendent will report annually to the board about the means used to keep the community informed.

As a result of the board and committee's work, the board will determine major educational needs and rank them in priority order; develop long-range goals and plans to meet the educational needs; establish and implement short-range and intermediate-range plans to meet the goals and to attain the desired levels of student performance; evaluate progress toward meeting the goals and maintain a record of progress under the plan that includes reports of student performance and results of school improvement projects; and annually report the school district's progress made under the plan to the committee, community and Iowa Department of Education.

The Investigator shall consider the totality of circumstances presented in determining whether conduct objectively constitutes bullying or harassment. Upon completion of the investigation, the Investigator shall issue a report with respect to the findings.

Additional suggestions for administrative procedures regarding this policy include:

ASSISTANCE ANIMALS

It is the policy of the North Cedar CSD to foster an equal education environment for all students, employees and community members within the district. The purpose of this policy is to provide guidance to the district on the proper use of assistance animals while on district property. The district shall allow the use of qualified service animals and assistive animals to accompany individuals with disabilities in all areas of district buildings where the public is normally allowed to go. This can include classrooms, cafeteria and school buses. Individuals with disabilities are people who have a physical or mental impairment that substantially limits one or more major life activities. Service animals are dogs and in some instances miniature horses trained to do work or perform tasks for individuals with disabilities. Assistive animals are simians or any other animal specially trained or in the process of being trained to assist a person with a disability.

Service animals and assistive animals must be current on all required vaccinations. Service animals and assistive animals also must be under control while on district grounds. The animal may be under control by either the individual with a disability, or a handler of the service or assistive animal. Under control means harnessed, leashed or tethered, unless these devices interfere with the animal's work, in which case under voice or other directive control.

Miniature Horses as Service Animals

Miniature horses shall be allowed as service animals within the district whenever it is reasonable to allow them. Factors to consider when determining reasonableness include: whether the miniature horse is house broken; whether the miniature horse is under the owner's control; whether the facility can accommodate the miniature horse's type, size and weight; and whether the miniature horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility.

Establishing the Need for a Service Animal

When no prior notice is given to the district of the use of a service or assistive animal, the Superintendent and/or school administrators are permitted to ask the following questions:

"Do you need/require this animal because of a disability?"

If the animal's trained tasks are not readily apparent, the administrator may ask:

"What work or task has the animal been trained to perform?"

Service and Assistive Animals in training

Assuming the handler and animal are otherwise allowed, individuals who train service and/or assistive animals will also be allowed access with their service animal in training to public areas of district buildings and property. The service or assistive animal in training is expected to abide by the same requirements as a service or assistive animal.

Exclusion of Service and Assistive Animals

In certain limited circumstances, it may be reasonable to exclude the use of a service or assistive animal from district property. The Superintendent is permitted to exclude service and assistive animals from district buildings and property in the following circumstances: The presence of the animal poses a direct threat to the health and safety of others; the owner or handler is unable to control the animal; the animal is not house broken; the presence of the animal significantly disrupts or interferes with the educational process; or the presence of the animal would require a fundamental alteration to the program. If a service animal is properly excluded from district property, the district shall provide the student served by the animal the opportunity to participate in the program, service or activity without having the service animal on district property.

Emotional Support Animals and Therapy Animals

Emotional support animals are medically prescribed to provide therapeutic benefit through dedicated companionship. Emotional support animals' sole function is to provide emotional support or comfort. Therapy animals are involved in an animal-assisted therapy program involving animals as a form of treatment.

Emotional support animals and therapy animals do not meet the definition of service or assistive animals. However, the district recognizes their value in our community. The superintendent shall evaluate the use of emotional support animals and therapy animals on a case-by-case basis. District employees may use therapy animals in the course of their regular duties only after receiving permission from the superintendent.

Student use of Emotional Support Animals and Therapy Animals

Factors the superintendent should consider in making the determination include but are not limited to:

- a. Whether the animal is housebroken
- b. Whether the animal has a current vaccination certificate
- c. Whether the animal has been recommended through an individual education plan (IEP) or a 504 plan as necessary for the student to receive free access to public education
- d. Whether the facility can accommodate the animal's type size and weight, and
- e. Whether the animal's presence will not compromise legitimate safety requirements necessary for safe operation of the facility

Employee use of Therapy Animals as part of Education Environment

Before permission to use therapy animals is granted, staff members must provide:

1. Proof that the animal is certified to be a therapy animal;
2. An explanation of how the animal will be used, including research supporting the use of therapy animals;
3. A plan for how the staff member will provide for the care and control of the animal;
4. A plan for how the staff member will accommodate students with allergies to the animal; and
5. A current vaccination certificate for the animal.
